Anjelica
ZUMBA FOR KIDS - Ages 3 - 10!

Anjelica is a certified ZUMBATOMIC® Instructor, with over 15 years of dance experience.

"Dancing has always been apart of my life. As a child, I was always performing in talent shows and musicals, in high school and college, it was drill team and modern dance, and now as an adult, it's Zumba Fitness® that keeps me moving." It was her very active three year old, who inspired her to get certified as a ZUMBATOMIC® Instructor. After years of taking Zumba Fitness® classes and exercising at home, Anjelica noticed her daughter's growing interest in the music, often mimicking the moves alongside her.

"It's such a treat to see how natural children are in their movements and how truly expressive they are in dance." Anjelica is pleased to share Zumba Fitness® with the younger members of the Studio Jear family.

ZUMBATOMIC® is a healthy and fun program designed specifically for children using the Zumba Fitness® concept.
